

Metro Wastewater JPA Policy No. 2

Social Media Policy

PURPOSE

This Social Media Policy ("Policy") establishes guidelines for the establishment and use by the Metro Wastewater Joint Powers Authority ("JPA") through its authorized employees and/or contractors of social media sites. The purpose of using Metro JPA social media sites is to disseminate information from the JPA, about the JPA, to members of the public.

The goal of the JPA's use of social media sites is to serve as an online information source focused on JPA issues, projects, news, and events. The JPA's social media activities will act as one-way communication, and will not serve as a public forum.

The JPA has an overriding interest and expectation in deciding what is "spoken" on behalf of the JPA on JPA social media sites. Therefore, all postings should be in accordance with the guidelines set below.

DEFINITIONS

1. "Social media sites" means content created by individuals, using accessible, expandable, and upgradable publishing technologies, through and on the Internet. Examples of social media include, but are not limited to, Facebook, Twitter, Blogs, RSS, YouTube, LinkedIn, and Flickr.
2. "Board" means the appointed members of the Board of the Metro JPA.
3. "Employees" means authorized employees of the JPA member agencies, as the JPA has no employees of its own, and activities and services of the JPA are performed by the Board, authorized employees of the JPA member agencies and/or JPA contractors.
4. "JPA social media sites" means social media sites which the JPA establishes and maintains, and over which it has control over all postings, except for advertisements or hyperlinks by the social media site's owners, vendors, or partners. JPA social media sites shall supplement, and not replace, the JPA's required notices and standard methods of communication.
5. "Posts" or "posting" means information, articles, pictures, videos, or any other form of communication posted on a JPA social media site.
6. "Comments" include information, articles, pictures, videos, or any other form of communicative content posted on a JPA social media site.

POLICY

1. The JPA's official website at <https://www.metrojpa.org> (or any other domain owned operated or maintained by the JPA) will remain the JPA's primary means of internet communication.

2. JPA social media sites should make clear that they are maintained by the JPA and that they follow the JPA's Social Media Policy.
3. Each JPA social media site shall include an introductory statement which clearly specifies the purpose and topical scope of the social network site. Where possible, social media sites should link back to the official JPA website for forms, documents and other information.
4. The JPA shall use social media sites as regularly as possible and in conjunction with other established JPA communication tools.
5. JPA social media sites shall comply with usage rules and regulations required by the site provider, including privacy policies.
6. JPA social media sites shall be managed consistent with the Brown Act, the Political Reform Act, and the California Elections Code. Board Members shall not respond to any published postings, or use any JPA sponsored social media site to respond to, blog or engage in serial meetings, or otherwise discuss, deliberate, or express opinions on any issue within the subject matter jurisdiction of the JPA, or for any political purpose. Board members must keep their social media presence separate from the JPA and other Board members' sites. Posts from JPA social media sites not pertaining to the subject matter jurisdiction of the body may be shared on their personal social media sites but no comments from Board officials are permitted on JPA owned, maintained, or operated social media sites.
7. All JPA social media sites shall adhere to applicable local, state, and federal laws regulations and policies. This includes adherence to established laws and policies regarding copyright, records retention, First Amendment, privacy laws, nondiscrimination and harassment laws, acceptable use of JPA owned or controlled digital equipment, internet access, and information security policies established by the JPA.
8. JPA social media sites are subject to the California Public Records Act. Any content maintained in a social media format that is related to JPA business, including a list of subscribers, posted communication, and communication submitted for posting, may be a public record subject to public disclosure.
9. Employees and/or contractors representing the JPA via JPA social media sites must conduct themselves at all times as a representative of the JPA and in accordance with all JPA policies.
10. All JPA social media sites shall utilize authorized JPA contact information for account set-up, monitoring, and access. The use of personal email accounts or phone numbers by any employee and/or contractors are not allowed for the purpose of setting-up, monitoring, or accessing a JPA social media site. Employees should use the official email and contact information of their employing member agency.

11. JPA social media sites may contain content, including but not limited to, advertisements or hyperlinks over which the JPA has no control. The JPA does not endorse any hyperlink or advertisement placed on JPA social media sites by the social media site's owners, vendors, or partners.
12. If a social media site allows the administrator to limit the type of advertising that will appear on the JPA's page, this feature should be enabled.
13. The Board reserves the right to change, modify, or amend all or part of this policy at any time.
14. The JPA reserves the right to terminate any JPA social media site at any time without notice.
