8. **ACTION: APPOINTMENT OF OFFICERS (BYLAWS CALL FOR APPOINTMENT EVERY ODD-NUMBERED YEAR FOR 2-YEAR TERM OR UNTIL SUCCESSOR APPOINTED/ELECTED)**

General Counsel Ochoa provided an overview of the election process as provided for in the Bylaws.

a. Chair
b. Vice Chair

ACTION: Motion by Director Anderson, seconded by Director Yamane to keep the current leadership of Chair Jones and Vice Chair De Hoff. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson
NAYS: None
ABSTAIN: None
ABSENT: None

Chair Jones explained that as part of a discussion with staff regarding succession planning, the creation of a Second Vice Chair Position was suggested. He has discussed this with Director Preciado who has expressed an interest in serving.

c. Creation of JPA Second Vice Chair Position

ACTION: Motion by Director Anderson, seconded by Director Kendrick to approve the creation of a Second Vice Chair Position and to appoint Director Preciado to that position. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson
NAYS: None
ABSTAIN: None
ABSENT: None

9. **ACTION: CONSIDERATION AND POSSIBLE ADOPTION OF RESOLUTION NO. 2025-01 RESOLUTION OF THE METRO WASTEWATER JOINT POWERS AUTHORITY BOARD OF DIRECTORS ESTABLISHING A RESERVE FUND POLICY**

Executive Director Keze explained that this action had been approved by the Finance Committee, but the Resolution adoption had not been finalized. This action will complete the establishment of a Reserve Fund Policy.

ACTION: Motion by Director Worden, seconded by Director Yamane to adopt Resolution No. 2025-01. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson
NAYS: None
ABSTAIN: None
ABSENT: None

10. **FINANCE COMMITTEE REPORT AND RECOMMENDATIONS FOR BOARD ACTION:**

Finance Committee Chair De Hoff noted that the Finance Committee had reviewed the following items and recommended they be forwarded to the JPA for approval:

a. **ACTION: Creation of Succession Planning Ad Hoc Committee**

Chair Jones stated that as previously discussed with staff, the creation of a Succession Planning Ad Hoc Committee is suggested. He recommended that himself, Vice Chair De Hoff, Second Vice Chair Preciado and Directors Kendrick, McKay, and Robak as Alternate be appointed.

ACTION: Motion by Director Worden, seconded by Director Anderson, to approve the establishment of the Ad Hoc and appoint those recommended. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson

NAYS: None

ABSTAIN: None

ABSENT: None

b. **ACTION: CLA Contract Renewal (Auditor Contract)**

Assistant Treasurer Lee Ann Jones-Santos provided an overview of the item. The Treasurer recommends continuing the contract with CLA and they are willing to keep the same price as our current audits except they will add a small technician fee.

ACTION: Motion by Director Anderson, seconded by Director Kendrick, to move forward with CLA rather than doing an RFP for a new auditor. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson

NAYS: None

ABSTAIN: None

ABSENT: None

c. **ACTION: Executive Director Contract Extension to June 30, 2026 to Align with Financial Consultant Contract Dates (The Keze Group LLC)**

General Counsel Ochoa stated that this extension would amend the contract of the Keze Group to marry the term of the Executive Director contract with her existing

Financial Consultant contract so both would expire on June 1, 2026. This is recommended by the Finance Committee for approval, rather doing an RFP for an Executive Director for FY 2026.

ACTION: Motion by Director Baber, seconded by Director Worden, to move forward with marrying the two contracts, Keze Group and Executive Director and amending to have a termination date of June 1, 2026. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson

NAYS: None

ABSTAIN: None

ABSENT: None

d. ACTION: Treasurer Contract Renewal of One Additional Year (Rodney Greek, CPA)

Executive Director Keze stated that the contract for Treasurer services has been highly satisfactory. She proposed extending the contract for an additional year, through June 30, 2026, to align it with the other four-year consultant agreements set to expire on June 30, 2026. The Finance Committee approved this recommendation.

ACTION: Motion by Director Swanson, seconded by Director Anderson, to amend the current contract expiration to 2026. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson

NAYS: None

ABSTAIN: None

ABSENT: None

e. ACTION: Authorize Amendment to Gavares Group Contract to Incorporate Proposal for Developing the Strategic Plan Document for the Metro Wastewater JPA

Executive Director Keze explained that this amendment would integrate the Goals & Objectives into a comprehensive Strategic Planning Document, as requested by some Directors. The preparation of this full document was not included in the original scope of work for the Gavares Group. Initially, a proposed fee of \$15,000 was suggested, including meetings with the Ad Hoc Committee. However, following the Finance Committee's recommendation to focus solely on document preparation, the fee has been reduced to \$7,750.

ACTION: Motion by Director Yamane, seconded by Director McKay, to move forward with the Finance Committee recommendation at \$7,750. Director Robak

stated he would be voting in opposition to the motion as he feels staff could do this.

Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Swanson, De Hoff
NAYS: Robak, Anderson
ABSTAIN: None
ABSENT: None

f. ACTION: Authorize Computer Purchase Reimbursement for Treasurer

Executive Director Keze stated that the Assistant Treasurer requires a laptop that would remain the property of the JPA and be returned upon the completion of their contract. This would ensure a smoother transition for future appointees by eliminating the challenges of transferring files, which has proven difficult for the current Board Secretary, Assistant Treasurer, and even General Counsel.

ACTION: Motion by Director Yamane, seconded by Director Swanson, to authorize the purchase of a laptop for the Assistant Treasurer. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson
NAYS: None
ABSTAIN: None
ABSENT: None

g. ACTION: Approval of Resolution 2025-02 A Resolution of the Metro Wastewater Joint Powers Authority Board of Directors Establishing Compensation of Directors

General Counsel Ochoa noted that at the previous meeting, Director Preciado suggested providing compensation for Alternate Directors to attend tours and training sessions. Currently, Alternates receive reimbursement only when serving in place of a Primary Director. However, based on Executive Director Keze's recommendation, a revision to the Board's Per Diem Policy would allow compensation for Alternates attending all meetings, including when the Primary Director is present, as well as for training and facility tours. This would ensure they remain informed on JPA matters in case they need to step in for an absent Primary Director. Implementing this change would require a modification to Resolution No. 2023-02.

ACTION: Motion by Director Anderson, seconded by Director Yamane, to Approve Resolution No. 2025-02. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson
NAYS: None
ABSTAIN: None
ABSENT: None

h. ACTION: Action to Approve Changes to Authorized Banking Signatories

General Counsel Ochoa provided a brief verbal overview noting that the bank needs proof of who is authorized to sign and to remove the prior signatories. It is recommended that the Chair, Vice Chair, Finance Committee Chair, Treasurer or Assistant Treasurer be authorized.

ACTION: Motion by Director Baber, seconded by Director Kendrick, to Approve the recommended changes and add the Second Vice Chair as a signatory. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson
NAYS: None
ABSTAIN: None
ABSENT: None

i. ACTION: Consideration and Possible Action to Approve the Metro Wastewater JPA Treasurer's Report ending December 31, 2024 - - FY 2025 Mid-Year Budget Review

Assistant Treasurer Lee Ann Jones-Santos provided a brief verbal overview of the report included in the agenda package.

ACTION: Motion by Director Yamane, seconded by Director McKay, to accept the report. Motion carried as follows:

AYES: Inzunza, Purvis, Worden, Kendrick, McKay, Baber, Jones, Yamane, Robak, Swanson, De Hoff, Anderson
NAYS: None
ABSTAIN: None
ABSENT: None

11. UPDATE: Metro Wastewater (General) (Standing Item)

Lisa Celaya, City of San Diego reported that Juan Guerreiro and Doug Campbell had attended the Coastal Commission meeting in Long Beach where the review was held for the modified permit of Point Loma. They reported that it went well, and they were requested to come back and provide an update on Pure Water by

2027 after the completion of Phase 1.

12. **UPDATE: Pure Water Program Update (Standing Item)**

Ben Kuhnel of Stantec introduced himself and noted that Doug Owen is still with Stantec, but that he would be providing future reports.

a. **2024 Pure Water Program Annual Report**

A brief overview of the 2024 Pure Water Program Annual Report was provided and Executive Director Keze noted that the information and link was included in her Executive Director's Report in the agenda package.

b. **Quarterly Phase 1 Construction Report**

Mr. Kuhnel then provided a brief verbal overview of the quarterly report included in the agenda package and noted that these were the contract schedules; there were still ongoing negotiations; the work is passing 70% completion on projects; they have had \$82 million in change orders which is about 10%. This is in line with industry standards for a project of this complexity. The project is still running \$1.2 million in construction dollars daily.

13. **UPDATE: Metro Wastewater Financial (Standing Item)**

-

Adam Jones, City of San Diego, reported that they were recently informed of potential federal restrictions on payments, which could affect the City's efforts to secure large-scale reimbursements. Given the ongoing uncertainty surrounding federal funding, it remains unclear whether this will impact the State Revolving Fund, as it is supported by both state and federal sources. To mitigate any immediate disruptions, the City has secured short-term funding as a contingency, specifically for the Pump Station 2 project.

14. **REPORT: General Counsel (Standing Item)**

General Counsel Ochoa stated she had no report other than tomorrow would be the first meeting of the year of the attorney's group on California Association of Sanitation Agencies (CASA) wherein they discuss proposed legislation that may have impacts on cities and water authorities.

15. **REPORT: JPA Executive Director's Report for December 2024**

Executive Director Keze noted her report was included in the agenda package.

16. **REPORT: Metro TAC Chair Report for January 2025**

Blake Behringer, City of El Cajon, introduced himself as the newly appointed Metro TAC Chair and provided a brief overview of his professional background. He then introduced Joe Kuhn, City of La Mesa who was appointed as Metro TAC Vice Chair. Joe also provided a brief overview of his professional background.

17. **METRO JPA DIRECTORS/COMMISSIONERS COMMENTS AND PROPOSED AGENDA ITEMS FOR NEXT METRO JPA/COMMISSION MEETING MARCH 6, 2025**

Executive Director Keze reminded those who had signed up for the North City Pure Water Plant Tour which would be occurring immediately following the March 6 meeting, to remember to wear their steel toe shoes or hiking boots.

Board Secretary Peoples wished everyone a Happy Valentines Day.

18. **ADJOURNMENT**

Chair Jones declared the meeting adjourned at 1:28 pm.

Public Utilities Department Integrated Master Plan

Metro JPA/Commission – March 2025

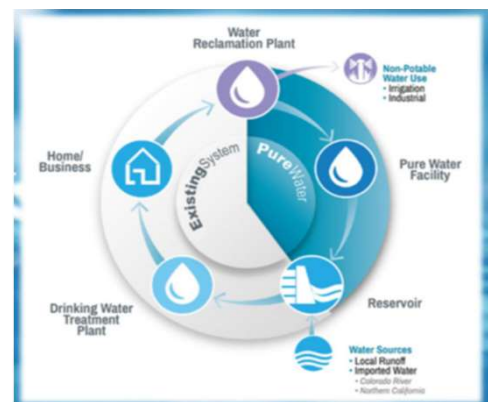

1

SD Public Utilities Department

PUD Integrated Master Plan Scope/Importance

Comprehensive, long-term planning document that outlines strategies and prioritizes projects across all utility areas

- Changes in water needs, system modifications, and the transition to a complete water cycle through the Pure Water Program require a more integrated and holistic approach to utility master planning.
- Provides a roadmap to ensure system can meet current and future demands, maintain regulatory compliance, maintain resilient infrastructure, and support sustainable growth.
- Includes an increased focus on the repair and rehabilitation of utilities to maximize the useful life of major assets and existing infrastructure

2

sandiego.gov

2

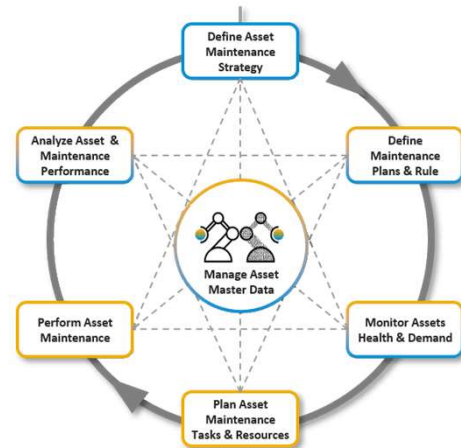

Progress to Date

Asset Management Software Review and Preparation of a Master Listing of All PUD Assets

- Reviewed the major software packages and made recommendations on suggested changes.
- Interviewed key users of each software to make recommendations on how to better utilize the software.
- Prepared a draft master listing of all PUD assets.

Major Takeaways:

- Asset Management Software is sufficient and just needs to be better utilized.
- Inventory of assets needed to complete Master Plan

3

sandiego.gov

3

Progress to Date

Standardization of Condition Assessment Protocols

- Prepared standard protocols for conducting future condition assessments, in accordance with industry standards and applicable regulations, that allow comparisons across various utilities.

Major Takeaways:

- PUD has been assessing many assets for years, but the information has not been comprehensively compiled.
- Different assessment methods have been utilized, making direct comparison of results across utilities, facilities, systems, or asset types challenging.

Figure 2. Risk = Average of LoF and CoF Scores

4

sandiego.gov

4

Progress to Date

Analysis of Existing and Anticipated Regulatory Environment

- Reviewed and summarized all the existing laws, regulations, policies, procedures, permits, and agency approval conditions, that currently apply to or affect City PUD utilities, including current and future reporting requirements.
- Prepared an anticipated schedule for new regulations that may affect PUD and analyzed the potential affects.

Major Takeaway:

- New regulations and potential changes to existing regulations will have significant impacts to PUD operations.

5

sandiego.gov

5

Progress to Date

Analyze the Effects of Climate Change on PUD Assets & Operations

- Prepared defensible estimates of the climate change impacts affecting PUD assets in two future 30-year periods (conducted for 2050 Near future and 2075 Late future).

Major Takeaways:

- Extreme heat days, greater drought severity, wildfire vulnerability, flooding and sea level rise will have different level of impact on PUD assets and operations.
- PUD needs to develop specific strategies to combat the different type of climate related hazards.

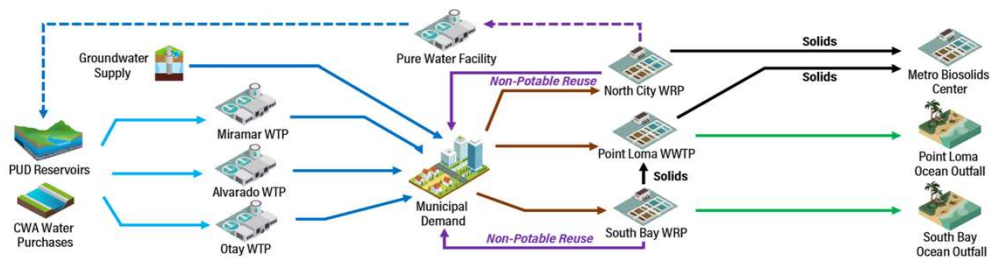

6

sandiego.gov

6

Data Gap - Proposed Contract Amendment

- Some assets missing from SAP/EAM (dams/reservoirs, groundwater, misc. across most vertical facilities)
- Assets in SAP/EAM missing key information and critical attributes required to assess risk
- Functional Asset Hierarchy needs correcting and updating
- Complete Master Asset List needed to enable preparation of the PUD priority list of projects

7

sandiego.gov

7

Amendment

- Extend the duration of the agreement in order to perform a visual inventory of all assets necessary to complete the remaining tasks in the contract
- Add an additional twenty-eight (28) months and an amount of \$1,472,934
- Scope:
 - Update Functional Location hierarchy
 - Remove records of non-existing assets
 - Create new assets in EAM
 - Complete a visual assessment and rating of assets
 - Populate all available attributes for assets
 - Assemble all data for bulk uploading by City staff

8

sandiego.gov

8

Ongoing/Future Work

- **Analyze future needs for New or Re-sized Infrastructure** – Conduct analysis to evaluate the need for new or re-sized infrastructure to accommodate future growth, changes in usage or consumption patterns, Pure Water impacts to existing infrastructure, new regulatory requirements, climate change, etc.
- **Analyze and prioritize maintenance, repair, rehabilitation and replacement of existing assets** – Prepare detailed recommendations of projects and methods to maximize the service life and functional utility of existing PUD assets without compromising service reliability and resiliency.
- **Project Information Sheets** – Prepare individual detailed project description sheets for all projects recommended by the Master Plan.
- **Standardized Project Prioritization Scoring** – Provide standardized prioritization scoring framework for all asset types consistent with existing Council Policy and with additional detail relevant for infrastructure projects.

Questions?

Public Utilities Department

Fiscal Year 2026-2030 Five-Year Financial Outlook

Metro JPA

Adam Jones, Deputy Director, Public Utilities

Overview

- Five-Year Financial Outlook
 - Identifies the system-wide revenue need for water and wastewater including operations, capital and financial metrics
- Public Utilities charges rates to provide services to our customers
 - Council authorized not to exceed values for rates through FY 2025
 - Rates are forecasted beyond FY 2025 and will require future City consideration

Impacts that Changed Forecast (Wastewater)

Negative Impacts

- Continued increase in new capital project bids
- Higher chemicals, borrowing and energy costs

Critical Strategic Adds – Wastewater (Metro)

- Pure Water Phase 1
- Pure Water Phase 2
- NPDES Regulatory Compliance

Monthly Executive Director's Report January 2025

The purpose of this report is to provide an update on the activities, progress, and outcomes related to the JPA's initiatives, including the development of the 2024 Draft Strategic Plan. It aims to ensure transparency, document key discussions and decisions, and keep all stakeholders informed of ongoing efforts and upcoming milestones.

In January, the Executive Director and the Executive Team concentrated on their annual website update, along with addressing various financial and management issues presented to the Finance Committee and the JPA/Commission Board of Directors. A significant portion of their efforts was also dedicated to facilitating collaboration between the City of San Diego's legal team and the JPA's legal counsel to finalize the draft language for the Second Amended and Restated Agreement (SARA).

Key Tasks and Updates:

1. Metro JPA/TAC Master List (Roster of Members and Alternates)

Over the past month, all JPA member agencies' Councils and Boards have finalized their committee assignments for the Metro Wastewater JPA/Commission Board. Our Board Secretary has updated the JPA/TAC membership list accordingly. This updated list will be available on our website as Item 1.4 in the 2025 New Director's Manual. For your convenience, a copy of the list is attached to this Monthly Report.

If you notice any additional changes, please don't hesitate to let us know. Going forward, we kindly ask that you inform our Board Secretary directly about any updates to your agency's representatives. While we typically revise this list annually in January or February, we understand that mid-year changes may arise, and we are happy to accommodate these updates as needed.

Additionally, please notify both the Board Secretary and me if your agency appoints new representatives. It's essential to ensure that all new members complete the necessary paperwork to assume their roles and receive the support needed for a smooth transition.

2. Finance Committee and JPA Board/Commission Recap

The Finance Committee convened in January to kick off the FY 2026 JPA budget planning process and to address other key financial matters. With an extensive

agenda, the committee reviewed and approved the following items, which were subsequently presented to and approved by the full Board during their February meeting:

- Resolution No. 2025-01 Resolution of The Metro Wastewater Joint Powers Authority Board of Directors Establishing a Reserve Fund Policy
- Creation of Succession Planning Ad Hoc Committee
- CLA contract Renewal (Auditor Contract)
- Executive Director Contract Extension to June 30, 2026, to align with Financial Consultant Contract Dates (The Keze Group LLC)
- Treasurer Contract Renewal of One Additional Year
- Authorize Amendment to Gavares Group Contract to Incorporate Proposal for Developing the Strategic Plan Document for the Metro Wastewater JPA
- Authorize Computer Purchase Reimbursement for Treasurer
- Approval of Resolution 2025-02 A Resolution of the Metro Wastewater Joint Powers Authority Board of Directors Establishing Compensation of Directors
- Action to Approve Changes to Authorized Banking Signatories
- Metro Wastewater JPA Treasurer's Report ending December 31, 2024 - - FY 2025 Mid-Year Budget Review

Key outcomes from these meetings include the establishment of the Succession Planning AdHoc Committee and the approval of Resolution 2025-02. This resolution authorizes compensation for Board Alternates attending all JPA/Commission meetings, orientations, tours, and other functions. Compensation includes per diems and mileage and became effective with the February meeting.

The goal of this change is to encourage Board Alternates to take a more active role and regularly attend meetings, ensuring they are well-prepared to step in as primary representatives, whether on a temporary or permanent basis. This initiative aligns with the broader succession planning efforts that the Succession Planning AdHoc Committee will be collaborating on with the Executive Director over the coming year.

3. Upcoming North City Pure Water Construction Tours:

Planning for tours of the Pure Water Construction at North City is underway and is scheduled for after the March and April JPA/Commission meetings. Each tour will be limited to 12 participants, as carts are used for most of the tour, including

primary Board Members and TAC representatives. To comply with the Brown Act restrictions each tour will include no more than 6 Directors. Our Board Secretary is coordinating the tour arrangements and has prepared the attached list of participants as of 2/10/25. Please review and contact her to confirm if your participation is marked “tentative” or to add yourself to one of the tours. Please also let her know if you cannot attend so that we can offer the space to others. She can be reached at lorimetrojpa@gmail.com.

Remember to wear **very** sturdy shoes as a portion of the tour will be on foot walking around the construction site which has uneven surfaces! Staff recommend steel-toed boots if you have them.

4. **Informational Reports and Website Reminder:**

The JPA maintains a website where valuable information about the Metro System, the Pure Water Program and the JPA can be easily accessed at <https://www.metrojpa.org/home>.

In January, we completed the annual update of the New Director’s Manual, ensuring it reflects the most current information. It is currently being uploaded by the Board Secretary. Additionally, several Directors have reached out with suggestions for updates to other parts of the website. Addressing these updates will be our focus for February. If there’s anything you would like to see added or revised on the website, please don’t hesitate to contact us at karyn@kezegroup.com.

5. **Final Draft Second Amended and Restated Agreement (SARA) Language Review:**

SARA Review and Revisions: During January the JPA’s Attorney continued to meet with the City’s attorneys to address language and philosophical differences, laying the groundwork for further staff discussions and alignment. While the majority of the City’s revisions have been accepted by the JPA’s Attorney the final revisions are still being discussed.

The Pure Water (SARA) Ad Hoc Committee is scheduled to meet on February 12, 2025, to review the Final Draft of the SARA document. The primary objective of this meeting is for them to review the document as it stands and to prepare a draft implementation schedule to be presented to the Full Board at their March meeting. The goal is to release the finalized Draft SARA document to the Board and Metro TAC by that time, allowing for their review and the initiation of the implementation process.

Purpose: This process is essential to ensure that SARA reflects a unified approach and meets the strategic and operational needs of all stakeholders.

6. FAB Implementation:

Exhibit B Capacity Refinement for FAB Cost Allocations: The JPA Executive Team continues to work closely with Public Utilities Department (PUD) staff (FAB working group) and their consultant to refine and finalize the FAB cost allocations and billing model. The new Exhibit B capacity figures provided by Metro TAC members were incorporated into the model in December and a final draft model is being reviewed by the FAB working group. The FAB working group continues to meet bi-weekly.

Purpose: This collaborative effort is critical to achieving accurate and equitable cost allocations across all participating agencies.

7. JPA Policies and Procedures Manual

The Executive Director, the Treasurer, and Staff Accountant have created a draft Policies and Procedures Manual and met several times to review and revise during December and January. The ninth draft of the manual was reviewed by the Finance Committee at their January meeting. Edits from this meeting will be incorporated and brought back to the Finance Committee at their March meeting.

Purpose of a Policies and Procedures Manual: The purpose of a Policies and Procedures Manual is to provide a clear and comprehensive framework for organizational operations. It establishes standardized guidelines and processes to ensure consistency, compliance with regulations, and effective communication. The manual serves as a reference for management and stakeholders, promoting accountability, efficiency, and alignment with the organization's mission and goals.

8. Inflow and Infiltration (I&I) Study:

The I&I committee met on January 23rd and discussed progress on action items from the previous meeting including an evaluation of the existing rain gauge locations and meter basins. For the next meeting on February 20th the committee plans to discuss any progress on gathering the necessary data for the particularly the GIS mapping of the sewer meter basins.

9. Pure Water Phase 2 Workshop

Metro Engineering Executive Team members and the Metro TAC Chair will be participating in a workshop hosted by the City of San Diego on Pure Water Phase 2. The meeting will include City staff and consultants and members of the environmental community along with the Metro participants.

Upcoming Meetings:

- **Metro JPA/Commission Meeting:**

Monthly Metro TAC Chair Report February 2025

The February 19, 2025, TAC meeting was cancelled due to not having any substantive matters requiring review or discussion at this time.

The only item that had been proposed on the agenda was a review of the Final Draft SARA Document. Over the past month, the JPA's and City's attorneys and staff have been meeting frequently to finalize the document's language. Additionally, the JPA's Pure Water SARA Ad Hoc Committee has held two meetings to review and refine the six remaining sections still in progress.

At their meeting on Friday February 14, 2025, the SARA Ad Hoc decided to extend the process by one more month to ensure the finalization of the remaining 1% of the document. It is expected that the necessary meetings among attorneys, staff, and the SARA Ad Hoc will conclude this work in time for a full presentation at the March TAC Meeting. This presentation will be led by the JPA's attorney and technical staff.

The agenda for the March Metro Wastewater JPA/Commission meeting will include two presentations previously given to Metro TAC but not yet heard by the Board due to time constraints in past meetings. To ensure Board members are up to date, the February report includes excerpts from past Monthly Metro TAC Chair Reports summarizing these two items, which will be discussed at the March meeting.

From November 20, 2024, Metro TAC Meeting

Public Utilities Department Integrated Master Plan (Anh Nguyn)

The City of San Diego provided a comprehensive update on the Integrated Master Plan (IMP) for water and wastewater infrastructure. The IMP is a long-term planning document to manage water and wastewater systems, ensuring they meet current and future demands, comply with regulations, and support sustainable growth. Historically, the City had separate plans for major water and wastewater assets and is now taking a more holistic and integrated planning approach to ensure a unified strategy for addressing water and wastewater infrastructure challenges efficiently. The IMP will include an analysis of future needs for new or resized infrastructure, address data gaps, standardization of condition assessments to prioritize maintenance, rehabilitation and replacement of existing assets, and an analysis of system impacts related to regulations and climate change. An updated CIP list is expected Fall 2026, and the final IMP is

expected June 2027. A discussion was held on financial impacts of CIP programs and how the IMP would be incorporated into the City's 5-Year Financial Outlook.

From January 2025 Metro TAC Meeting

Five-Year Financial Outlook (Adam Jones)

Adam Jones from the City of San Diego reported on the five-year financial outlook for the Metro JPA. He started with a recommendation that all Participating Agencies have the ability to pass through wholesale costs from the City in their rates. The major items impacting the five-year forecast are the increases in bid pricing results, increasing chemical and utility costs, and the nearing completion of Pure Water Phase 1 and the start of Phase 2, along with the other major planned CIP projects namely Pump Station 1 and 2.
